SUMMARY

Product strategy and compliance-workflow leader with 15 years across regulated healthcare, enterprise software, customer research, and technical delivery. For three years, I have owned AI product decisions from discovery and product requirements through prioritized roadmaps, working software, stakeholder validation, and production handoff. My strength is turning ambiguous regulatory and customer needs into governed experiences that reduce operational risk, support measurable business impact, and improve through evidence and product metrics.

SKILLS

Product Strategy, Roadmaps & Execution — Customer discovery, product requirements, prioritized features, roadmap decisions, tradeoffs, scope and timelines, working software, launch support, and production handoff

Compliance Products & Operational Risk — Regulated products, FDA/HIPAA/MLR workflows, claims evidence, audit-ready annotations, review routing, risk monitoring, governance, and human review

Research, Data & Product Metrics — Customer feedback, interviews, prototype testing, Typeform, Useberry, Heap analytics, enterprise dashboards, benchmarks, evaluate impact, and continuous improvement

Technical & Cross-Functional Leadership — Technical depth across AI workflows, front-end and backend logic, engineering and design collaboration, stakeholder management, remote teams, and adoption

EXPERIENCE

AI Implementation Partner

Hedgehox · Remote · Mar 2024 – Present

- Lead product strategy and requirements for Claims Detector, translating regulated pharma needs into compliance workflows for claim identification, evidence gaps, audit-ready annotations, and earlier operational risk visibility
- Secured an investor for proprietary Claims Detection software by building the functional POC, shaping the product story, and iterating with stakeholders
- Defined implementation paths across MLR claim review, brief intake, scoping, review routing, submission capture, and FDA risk monitoring with governance and human review built in
- Developed FDA Warning Tool concepts that connect regulatory precedent to usable content-risk guidance and earlier product decisions

Founder & AI Product Strategist

One Block Away LLC · Remote · Jul 2023 – Present

- Own AI product strategy, customer discovery, product requirements, workflow design, front-end build, backend logic, demo readiness, client iteration, and roadmap decisions from first question through working software
- Translate ambiguous customer feedback into prioritized features, testable product surfaces, implementation tradeoffs, business goals, and build-ready production handoff
- Built ListingPal's AI listing-generation POC, turning basic property inputs into listing copy, social posts, ad copy, styling direction, and MLS/SEO-ready language in under 90 seconds
- Built WeReady's Bailey Intelligence dashboard, translating founder inputs, GitHub signals, source health, risk scoring, and evidence trails into decision-ready workflows

Director, Experience & Innovation

Kinesso (IPG) · New York, NY · Feb 2020 – Jun 2023

- Led enterprise analytics products and experiences while scaling design from 2 to 30 people across the US and Poland, driving enterprise adoption for more than 7,000 users across 22 white-label brands
- Partnered across product, engineering and design, business, and research teams to shape dashboards, data visualization, brand theming, and reusable components from requirements through adoption
- Built a research discipline across a 20-plus-product suite, using interviews, prototype testing, Typeform, Useberry, Heap analytics, standardized findings, and stakeholder roadshows to guide prioritization, evaluate impact, and continuous improvement
- Built the Digital Experience Audit workflow for channel scoring, product metrics, benchmarks, recommendations, data visualization, and presentation-ready client outputs

Freelance UX Designer

Omnicom · New York, NY · Dec 2019 – Jan 2020

- Supported oncology accounts as a freelance UX designer, translating regulated business and user needs into clearer product flows, content structures, and implementation recommendations
- Partnered across account, strategy, creative, engineering, and design teams to align client outcomes, user experience, and build-ready decisions

Sr. UX Designer

Heartbeat Ideas · New York, NY · Aug 2018 – Nov 2019

- Led customer research and experience strategy for pharma and healthcare products, translating stakeholder input, competitive audits, and user needs into product direction
- Created journey maps, site maps, user flows, wireframes, and prototypes for patient, HCP, and internal brand-team experiences across regulatory requirements
- Partnered with strategy, creative, account, and engineering teams to move evidence into cross-functional execution, clear priorities, and build-ready product experiences

Account Management & Client Strategy

RosettaWishbone, FCB Health, Barker DZP, Cline Davis & Mann, Scout Marketing · Feb 2011 – Jul 2018

- Managed Fortune 500 pharma and healthcare clients with USD 2M to 50M-plus budgets across complex regulated portfolios, aligning stakeholder priorities, business impact, and delivery
- Served as one of two account consumer leads on FCB Health's largest pharma account across TV, radio, digital, gaming, Times Square, brand planning, and MLR review
- Translated client strategy into briefs, requirements, priorities, scope and timelines, and MLR-ready delivery across account, creative, UX, analytics, and development teams
