SUMMARY

Client-facing implementation and business-analysis lead with 15 years across client strategy, enterprise product delivery, and regulated software workflows. I turn ambiguous stakeholder needs into scoped requirements, process flows, configurable product logic, and build-ready implementation decisions. My strength is aligning business and technical teams, validating workflows through research and prototypes, and coordinating complex delivery from discovery through handoff.

SKILLS

Business Analysis & Stakeholder Facilitation — Client discovery, requirements elicitation, interviews, workshops, business rules, process flows, user flows, journey maps, assumptions, dependencies, and decision-ready documentation

Workflow Configuration & Solution Implementation — Configurable business logic, conditional intake, review routing, rate-card and brand setup, prototype validation, user testing, client iteration, and implementation handoff

Cross-Functional Scope & Delivery — Scope definition, technical-team coordination, timelines, risks, stakeholder alignment, product decisions, front-end and backend delivery, and production readiness

Enterprise & Regulated Product Delivery — Enterprise analytics for 7,000+ users across 22 brands, FDA/HIPAA/MLR workflows, reusable systems, documentation standards, adoption, and team scaling

EXPERIENCE

AI Implementation Partner

Hedgehox · Remote · Mar 2024 – Present

- Converted pharma agency needs into web-based AI tools for MLR claim review, brief intake, scoping, review routing, submission capture, and FDA signal monitoring
- Translated messy stakeholder requests into scoped product requirements, mapped reviewer behavior, and validated workflow decisions through functional POCs and client iteration
- Designed Claims Detector workflows that identify promotional claims, surface evidence gaps, and pre-populate audit-ready annotations before MLR submission
- Built Scope Generator with configurable regional rate cards, brands, sub-brands, natural-language scope changes, costing logic, and spreadsheet export
- Designed conditional brief-intake and review-routing logic around content risk, approval requirements, comments, sign-off, and implementation paths

Founder & AI Product Strategist

One Block Away LLC · Remote · Jul 2023 – Present

- Build client-led AI POCs that turn unclear business questions into testable product surfaces, demo flows, and roadmap decisions
- Own client discovery, scope definition, UX, AI workflow design, front-end build, backend logic, demo readiness, and iteration from first ask through working prototype
- Built WeReady's Bailey Intelligence dashboard, translating founder inputs, GitHub signals, source health, risk scoring, and evidence trails into structured readiness workflows

Director, Experience & Innovation

Kinesso (IPG) · New York, NY · Feb 2020 – Jun 2023

- Scaled product design from 2 to 30 people across the US and Poland for enterprise analytics used by 7,000+ users across 22 white-label brands
- Built a repeatable research discipline across 20+ products and four suites using stakeholder interviews, standardized findings, workshops, user testing, beta feedback, and validation handoffs
- Led UX and design-system strategy for MIE data visualization, dashboard building, brand theming, and reusable analytics components
- Built the Digital Experience Audit process for channel scoring, benchmarks, recommendations, visualization, and presentation-ready client outputs

Freelance UX Designer

Omnicom · New York, NY · Dec 2019 – Jan 2020

- Supported oncology accounts as a freelance UX designer, combining UX design and account-management experience to strengthen regulated healthcare work
- Championed UX best practices across account, strategy, creative, and delivery conversations, translating brand goals into clearer user flows, content structure, and digital recommendations

Sr. UX Designer

Heartbeat Ideas · New York, NY · Aug 2018 – Nov 2019

- Led UX research and experience strategy for pharma and healthcare work, translating stakeholder input, competitive audits, and user needs into digital product direction
- Created journey maps, site maps, user flows, wireframes, and prototypes for patient, HCP, and internal brand-team experiences across regulated healthcare programs
- Partnered with strategy, creative, account, and engineering teams to move UX recommendations from research findings into build-ready product and campaign experiences

Account Management & Client Strategy

RosettaWishbone, FCB Health, Barker DZP, Cline Davis & Mann, Scout Marketing · Feb 2011 – Jul 2018

- 7+ years managing Fortune 500 pharma and healthcare clients with USD 2M-50M+ budgets across CNS/neurology, psychiatry, cardiovascular/metabolic, and sleep/wakefulness brands including NUVIGIL, Namenda XR, Lipitor, and Zolofit
- One of two account consumer leads on FCB Health's largest pharma account across TV, radio, digital, gaming, Times Square, unbranded campaigns, brand planning, and MLR review
- Translated client and brand strategy into briefs, creative feedback, production requirements, timelines, and MLR-ready deliverables across account, creative, UX, and development teams
