SUMMARY

Senior digital product leader with 15 years across enterprise platforms, customer research, AI products, and cross-functional delivery. Since 2020, I have led product experience strategy for enterprise tools used by 7,000+ people across 22 brands and owned digital and AI product work from discovery through working releases. I turn customer friction, business priorities, and product data into roadmaps, testable hypotheses, build-ready requirements, pilots, and iterative improvements.

CAPABILITIES

Product Strategy & Roadmap Delivery - Customer problems, product vision, feature prioritization, backlog ownership, testable hypotheses, pilot planning, release readiness, and iteration

Customer Journey & Self-Service Experience - User interviews, journey maps, behavioral analytics, beta feedback, workflow simplification, accessibility, and digital product UX

AI Product Development - AI-enabled workflows, working POCs, prompt and model behavior, human review, prototype validation, evaluation criteria, and stakeholder adoption

Cross-Functional & International Delivery - Operations, engineering, design, analytics, business, and executive alignment; distributed teams across the US and Poland

Product Data & Performance - Behavioral analytics, scoring frameworks, benchmarks, evidence trails, customer feedback, product signals, and success measures

EXPERIENCE

AI Implementation Partner

Hedgehox · Remote · Mar 2024 - Present

- Own discovery, roadmap priorities, backlog sequencing, prototype validation, and stakeholder feedback for connected pharma agency products spanning intake, scoping, review, submission, claims detection, and FDA monitoring
- Translate customer and operations needs into user stories, acceptance criteria, workflow logic, and release-ready requirements across design, engineering, QA, and business stakeholders
- Secured an investor for proprietary Claims Detection software by building the functional POC, shaping the executive demo story, and connecting workflow behavior to business value
- Designed Claims Detector workflows that identify promotional claims, surface evidence gaps, and pre-populate audit-ready annotations before regulated review
- Built Scope Generator for finance and operations teams using regional rate cards, brand structures, natural-language scope changes, and spreadsheet export logic

Founder & AI Product Strategist

One Block Away LLC · Remote · Jul 2023 - Present

- Own product strategy, roadmaps, UX, AI workflow design, front-end and backend delivery, launch readiness, and client iteration from ambiguous ask through working prototype
- Turn client questions into testable hypotheses, prioritized features, acceptance criteria, and prototype plans, then use demos and feedback to decide the next build
- Built ListingPal's AI listing-generation POC and landing page, turning basic property inputs into listing copy, social posts, ad copy, styling direction, and MLS/SEO-ready language in under 90 seconds
- Built WeReady's Bailey Intelligence dashboard, translating founder inputs, GitHub signals, source health, risk scoring, and evidence trails into startup-readiness workflows

Director, Experience & Innovation

Kinesso (IPG) · New York, NY · Feb 2020 - Jun 2023

- Scaled product design from 2 to 30 people across the US and Poland for enterprise analytics used by 7,000+ users across 22 white-label brands
- Led product experience and design-system strategy across a 20+ product suite, partnering with product, engineering, analytics, and executive stakeholders on platform priorities and reusable standards
- Built the UX research discipline using interviews, Heap behavioral analytics, beta groups, and standardized findings to test needs and guide product decisions
- Led backlog prioritization, requirements refinement, sprint planning, design reviews, and demos with distributed product, design, engineering, analytics, and business teams
- Built the Digital Experience Audit workflow for channel scoring, benchmarks, recommendations, visualization, and presentation-ready outputs; the work earned Indigo and Red Dot recognition

Freelance UX Designer

Omnicom · New York, NY · Dec 2019 - Jan 2020

- Translated business and stakeholder goals into clearer user flows, digital recommendations, and build-ready product direction for regulated healthcare experiences

Sr. UX Designer

Heartbeat Ideas · New York, NY · Aug 2018 - Nov 2019

- Led UX research and experience strategy for pharma and healthcare work, translating stakeholder input, competitive audits, and user needs into digital product direction
- Created journey maps, site maps, user flows, wireframes, and prototypes for patient, HCP, and internal brand-team experiences across regulated healthcare programs
- Partnered with strategy, creative, account, and engineering teams to move UX recommendations from research findings into build-ready product and campaign experiences

Account Management & Client Strategy

RosettaWishbone, FCB Health, Barker DZP, Cline Davis & Mann, Scout Marketing · Feb 2011 - Jul 2018

- 7+ years managing Fortune 500 pharma and healthcare clients with \$2M-\$50M+ budgets across CNS/neurology, psychiatry, cardiovascular/metabolic, and sleep/wakefulness brands including NUVIGIL, Namenda XR, Lipitor, and Zolof
- One of two account consumer leads on FCB Health's largest pharma account across all verticals: TV, radio, digital, gaming, Times Square, unbranded campaigns, brand planning, and MLR review
- Translated client and brand strategy into briefs, creative feedback, production requirements, timelines, and MLR-ready deliverables across account, creative, UX, and development teams
