SUMMARY

AI data quality and evaluation specialist with 15 years across regulated review, enterprise UX, research, and AI implementation. I review multimodal AI outputs against source evidence, structured criteria, and human quality standards. At Hedgehox, I designed a human-reviewed claims workflow that finds promotional claims, surfaces evidence gaps, and pre-populates audit-ready annotations. Earlier work adds behavioral analysis, quality standards, detailed documentation, and deadline-driven delivery.

SKILLS

AI Implementation & Workflow Design — Governed LLM/VLM workflows, multimodal review, RAG/knowledge bases, prompt-defined criteria, model orchestration, and human review surfaces

Research & Experience Strategy — Stakeholder interviews, competitive audits, journey maps, user flows, wireframes, prototypes, usability testing, and research-led product direction

Program & Project Delivery — Scoping, requirements, timelines, review routing, team coordination, risk visibility, and build-ready handoff across product, design, and client teams

Regulated Healthcare & Client Delivery — 11 years across pharma/healthcare communications, FDA/HIPAA/MLR workflows, HCP/patient UX, client workshops, and stakeholder adoption

EXPERIENCE

AI Implementation Lead

Hedgehox · Remote · Mar 2024 – Present

- Lead Pharma AI Platform work across six agency workflows: brief intake, scope planning, submission capture, MLR claims review, review routing, and FDA monitoring; Echo cut one screenshot route from 8 hours to 10 minutes
- Secured investor backing for Claims Detector with a functional POC, a clear product story, and direct iteration with investors
- Designed Claims Detector as a human-reviewed MLR pre-screening workflow that finds promotional claims, surfaces evidence gaps, and pre-populates audit-ready annotations; one review cycle fell from 3 weeks to 4 days
- Led the AI-assisted design and build of Xenagos Bio's website and reusable design system, translating precision-oncology positioning into an investor-facing site the team could maintain
- Built Scope Generator for pharma agency finance and operations teams, turning rate cards, brands, and project inputs into budget-ready scopes and resourcing plans
- Developed FDA Warning Tool concepts that turn warning-letter patterns into practical content-risk guidance for pharma teams

Founder & AI Product Strategist

One Block Away LLC · Remote · Jul 2023 – Present

- Lead client discovery and turn unclear business questions into testable product concepts, working POCs, demo flows, and roadmap decisions
- Own delivery from product strategy and UX through AI workflow design, front-end and backend logic, demos, and client iteration
- Built WeReady's startup-readiness POC, including the WeReady Score and Bailey Intelligence, with source-backed analysis across code, business, investment, and UX
- Built ListingPal's AI listing POC and landing page; it turns property inputs into MLS/SEO-ready listings, social and ad copy, and styling direction in under 90 seconds
- Building the website and sponsor strategy for a Tunisia youth soccer program to support player advancement, community backing, and donor outreach

Director, Experience & Innovation

Kinesso (IPG) · New York, NY · Feb 2020 – Jun 2023

- Scaled product design from 2 to 30 across the US and Poland, leading critiques and quality reviews while planning scope, resources, and engineering handoff across more than 20 products
- Led UX research and strategy for a marketing intelligence suite used by 7,000+ people across 22 white-label brands; turned interviews, prototype testing, behavioral analytics, and adoption data into documented product priorities
- Built Kinesso's first UX research practice across 20+ products, including participant recruitment, interviews, prototype testing, beta groups, behavioral analytics, research tooling, shared Figma documentation, and UX checkpoints in project plans

Director, Experience & Innovation (continued)

Kinesso (IPG) · New York, NY · Feb 2020 – Jun 2023

- Helped shape and govern a design system with 500 components, 140 styles, 300 icons, and 50 personas, including accessibility and design quality standards; the work earned 5 Indigo Gold, 4 Indigo Silver, and Red Dot recognition
- Partnered with the Head of Design to create the team's first onboarding program, career roadmaps, coaching structure, and performance review workflows for new and existing employees
- Led workshops on product discovery, ecosystem mapping, innovation, and user research; expanded the program from Kinesso teams to IPG groups and presented recommendations to executives and clients
- UX lead for research and design on Kanvas, Kinesso's developer-first API services library; partnered with product and engineering on roadmap priorities and with C-suite stakeholders on monetization and go-to-market planning
- Collaborated on the Digital Experience Audit workflow, turning channel scoring, benchmarks, and recommendations into repeatable analysis, data visualization, and presentation-ready client outputs
- Led a three-person team to second place in Kinesso's inaugural innovation challenge with an accessibility panel concept; later advised the next cohort and contributed to accessibility playbook and keyboard interaction standards

Freelance UX Designer

Omnicom · New York, NY · Dec 2019 – Jan 2020

- Supported oncology accounts as a freelance UX designer, combining UX design and account-management experience to strengthen regulated healthcare work
- Worked across account, strategy, creative, and delivery teams to translate brand goals into clearer user flows, content structure, and digital recommendations

Sr. UX Designer

Heartbeat Ideas · New York, NY · Aug 2018 – Nov 2019

- Led UX research and experience strategy for pharma and healthcare work, translating stakeholder input, competitive audits, and user needs into digital product direction
- Created journey maps, site maps, user flows, wireframes, and prototypes for patient, HCP, and internal brand-team experiences across regulated healthcare programs
- Partnered with strategy, creative, account, and engineering teams to move research findings into prioritized, build-ready product and campaign experiences
- Led research and creation of an oncology-wide design system for interactive visual aids (iVAs) at a major pharma company, with the goal of improving field usability and development efficiency
- Member of Heartbeat's ETCH (Experiential Technology) group, which ran business-driven sprints exploring voice, AR/VR, and facial recognition for agency and client use

Account Management & Client Strategy

RosettaWishbone, FCB Health, Barker DZP, Cline Davis & Mann, Scout Marketing · Sep 2010 – Jul 2018

- 8 years managing Fortune 500 pharma and healthcare clients and brand budgets up to \$20M across CNS/neurology, psychiatry, cardiovascular/metabolic, and sleep/wakefulness brands including NUVIGIL, Namenda XR, Lipitor, and Zoloft
- One of two account consumer leads on FCB Health's largest pharma account across all verticals: TV, radio, digital, gaming, Times Square, unbranded campaigns, brand planning, and MLR review
- Translated client and brand strategy into briefs, creative feedback, production requirements, priorities, timelines, and MLR-ready delivery across account, creative, UX, and development teams

AWARDS

Indigo Awards 2023 — Design System & Data Visualization: 3× Gold, 2× Silver
