SUMMARY

Technical product and regulated-risk leader with six-plus years shaping enterprise and AI products across regulated healthcare, shared product systems, and client-led implementation. I turn ambiguous, high-stakes workflows into governed machine-learning products, prioritized roadmaps, testable hypotheses, and build-ready decisions. My strength is aligning engineering, design, research, operations, business, and executive stakeholders around products people can trust and use.

SKILLS

Product Strategy, Roadmaps & Execution — Product vision, product opportunities, customer discovery, user evidence, customer impact, requirements, product backlog, roadmap communication and decisions, implementation choices, prioritization, tradeoffs, technical and operational constraints, launch support, and production handoff

AI/ML Risk Workflows & Governance — Technical product management, machine-learning and risk products, governed LLM and VLM workflows, model orchestration, risk detection, evidence gaps, human-in-the-loop review, audit-ready annotations, and evidence trails

Research, Metrics & Hypothesis Development — Hypothesis-driven development, interviews, prototype testing, Typeform, Useberry, Heap analytics, product metrics, measurable outcomes, and continuous improvement

Cross-Functional & Executive Alignment — Cross-functional leadership across engineering, design, research, operations, business, client, and executive stakeholders; concise roadmap communication, influence, distributed teams, ambiguity, and high-stakes tradeoffs

EXPERIENCE

AI Implementation Partner

Hedgehox · Remote · Mar 2024 – Present

- Lead product strategy and requirements for Claims Detector, translating regulated-risk needs into machine-learning workflows for claim identification, evidence gaps, audit-ready annotations, and human review
- Secured an investor for proprietary Claims Detection software by building the functional POC, shaping the product narrative, and iterating with stakeholders
- Sequence short-term AI tools across MLR claim review, brief intake, scoping, review routing, submission capture, and FDA risk monitoring toward connected, long-term platform capabilities
- Developed FDA Warning Tool concepts that connect external regulatory signals to earlier content-risk decisions for pharma teams

Founder & AI Product Strategist

One Block Away LLC · Remote · Jul 2023 – Present

- Own AI product strategy, customer discovery, requirements, product backlog, workflow design, front-end build, backend logic, validation, client iteration, and roadmap decisions from first question through working software
- Translate ambiguous customer needs into prioritized capabilities, testable hypotheses, implementation tradeoffs, measurable outcomes, and build-ready handoffs
- Evaluate product opportunities through user evidence, working prototypes, implementation choices, and stakeholder feedback before larger investment
- Built WeReady's Bailey Intelligence dashboard, translating founder inputs, GitHub signals, source health, risk scoring, and evidence trails into decision-ready workflows
- Built ListingPal's AI listing-generation POC, turning basic property inputs into multi-channel property marketing in under 90 seconds

Director, Experience & Innovation

Kinesso (IPG) · New York, NY · Feb 2020 – Jun 2023

- Led shared enterprise products and systems while scaling design from 2 to 30 people across the United States and Poland, supporting more than 7,000 users across 22 white-label brands
- Partnered across product, engineering, design, research, business, and operations to shape analytics, dashboards, brand theming, and reusable components from requirements through adoption
- Built a research discipline across a 20-plus-product suite using interviews, prototype testing, Typeform, Useberry, Heap analytics, standardized findings, and roadshows to guide prioritization and continuous improvement
- Presented an accessibility product concept that placed second in the Engine+ Innovation Challenge and earned attention from IPG global executives

Freelance UX Designer

Omnicom · New York, NY · Dec 2019 – Jan 2020

- Supported oncology accounts as a freelance UX designer, translating regulated business and user needs into clearer product flows, content structures, and implementation recommendations
- Partnered across account, strategy, creative, engineering, and design teams to align client outcomes, user experience, and build-ready decisions

Sr. UX Designer

Heartbeat Ideas · New York, NY · Aug 2018 – Nov 2019

- Led user research and experience strategy for pharma and healthcare products, translating stakeholder input, competitive audits, and user needs into product direction
- Created journey maps, user flows, wireframes, and prototypes for patient, HCP, and internal brand-team experiences across high-stakes regulated programs
- Partnered with strategy, creative, account, and engineering teams to move research findings into prioritized, build-ready experiences

Account Management & Client Strategy

RosettaWishbone, FCB Health, Barker DZP, Cline Davis & Mann, Scout Marketing · Feb 2011 – Jul 2018

- Managed Fortune 500 pharma and healthcare clients with USD 2M to 50M-plus budgets, aligning senior stakeholders and delivery teams around business, audience, and regulatory outcomes
- Served as one of two account consumer leads on FCB Health's largest pharma account across TV, radio, digital, gaming, Times Square, brand planning, and MLR review
- Translated client strategy into briefs, requirements, priorities, timelines, and MLR-ready delivery across account, creative, UX, analytics, and development teams

AWARDS

Indigo Awards 2023 — Design System & Data Visualization: 3× Gold, 2× Silver

Indigo Awards 2022 — Digital Audit Experience: 2× Gold, 2× Silver

Red Dot Awards 2021 — Brands & Communication Design

Manny Award 2013 — Best Non-Branded Campaign, "Get Your Shift Together"

Pharma Choice Award 2011 — Bronze, Professional Mobile Site

EDUCATION

BA Labor Studies & Employee Relations — Rutgers University, 2010
