SUMMARY

AI product strategist and hands-on builder with 15 years across client strategy, enterprise platforms, regulated workflows, and product delivery. I turn repeated operational pain into scoped requirements, working AI POCs, front-end and backend logic, demo narratives, and production handoffs. My recent work includes investor-backed claims software, agency-operations tools, ListingPal, and WeReady, backed by earlier enterprise products used by more than 7,000 people across 22 brands.

SKILLS

AI Product Discovery & Roadmaps — Stakeholder discovery, repeated-workflow analysis, product requirements, MVP scoping, roadmap decisions, prototype validation, product recommendations, and production handoff

Hands-on AI Product Build — LLM/VLM workflows, RAG and knowledge bases, model orchestration, prompt-defined criteria, front-end build, backend logic, working AI POCs, evidence trails, and human review

Workflow Automation & Operational Leverage — Workflow automation, brief intake, scoping, review routing, submission capture, rate cards, natural-language scope changes, audit workflows, and reusable systems

Client Strategy, Adoption & Commercial Translation — Client strategy, investor demos, product positioning, business value, stakeholder adoption, enablement, documentation, USD 2M-50M+ account experience, and cross-functional delivery

EXPERIENCE

AI Implementation Partner

Hedgehox · Remote · Mar 2024 – Present

- Turn repeated pharma agency needs into connected AI tools for brief intake, scoping, review routing, submission capture, MLR claim review, and FDA signal monitoring
- Built Scope Generator for agency finance and operations teams to manage regional rate cards, brands, sub-brands, scopes, scope changes, deliverables, timelines, role-level resourcing, and cost breakdowns
- Designed Claims Detector workflows that identify promotional claims, surface evidence gaps, and pre-populate audit-ready annotations before MLR submission
- Secured an investor for proprietary Claims Detection software by building the functional POC, shaping the demo story, and iterating with investors
- Translate business workflows into product requirements, demonstrations, implementation choices, and build-ready decisions across regulated constraints

Founder & AI Product Strategist

One Block Away LLC · Remote · Jul 2023 – Present

- Build client-led AI POCs that turn unclear business questions into testable product surfaces, demo flows, and roadmap decisions
- Built ListingPal's AI listing-generation POC and landing page, turning basic property inputs into listing copy, social posts, ad copy, styling direction, and MLS/SEO-ready language in under 90 seconds
- Built WeReady's Bailey Intelligence dashboard, translating founder inputs, GitHub signals, source health, risk scoring, and evidence trails into startup-readiness workflows
- Own product strategy, UX, AI workflow design, front-end build, backend logic, demo readiness, and client iteration from first ask through working prototype
- Currently building the website and sponsor strategy for a Tunisia youth soccer program, positioning the project for player advancement, community support, and donor outreach

Director, Experience & Innovation

Kinesso (IPG) · New York, NY · Feb 2020 – Jun 2023

- Scaled product design from 2 to 30 people across the US and Poland for enterprise analytics used by 7,000+ users across 22 white-label brands
- Led product-system strategy for enterprise analytics, data visualization, dashboard building, brand theming, reusable components, documentation, and accessibility
- Built the Digital Experience Audit workflow for channel scoring, benchmarks, recommendations, visualization, and presentation-ready client outputs
- Partnered across product, engineering, analytics, business, research, and executive stakeholders to turn complex workflows into reusable standards and build-ready decisions

Freelance UX Designer

Omnicom · New York, NY · Dec 2019 – Jan 2020

- Supported oncology accounts as a freelance UX designer, combining hands-on product UX with agency and client experience in a regulated setting
- Worked across account, strategy, creative, and delivery conversations to turn brand goals into clear user flows, content structure, and digital recommendations

Sr. UX Designer

Heartbeat Ideas · New York, NY · Aug 2018 – Nov 2019

- Led UX research and experience strategy for pharma and healthcare products, translating stakeholder input, competitive audits, and user needs into prioritized product direction
- Partnered with strategy, creative, account, and engineering teams to move research findings into build-ready product and campaign experiences

Account Management & Client Strategy

RosettaWishbone, FCB Health, Barker DZP, Cline Davis & Mann, Scout Marketing · Feb 2011 – Jul 2018

- 7+ years managing Fortune 500 pharma and healthcare clients with USD 2M-50M+ budgets across CNS and neurology, psychiatry, cardiovascular and metabolic, and sleep-wakefulness brands including NUVIGIL, Namenda XR, Lipitor, and Zolofit
- One of two consumer account leads on FCB Health's largest pharma account across TV, radio, digital, gaming, Times Square, unbranded campaigns, brand planning, and MLR review
- Translated client and brand strategy into briefs, creative feedback, production requirements, timelines, budgets, and MLR-ready deliverables
