SUMMARY

Senior product and experience leader with 15 years across enterprise UX, product strategy, AI implementation, and cross-functional delivery. I have shaped shared systems across a 20-plus-product suite, led enterprise analytics used by more than 7,000 people across 22 white-label brands, and now own product strategy from discovery through front-end build, backend logic, validation, and handoff. My strength is turning fragmented workflows into coherent foundations that help product, design, and engineering teams move with greater consistency and confidence.

SKILLS

Shared Systems & Product Strategy — Cross-product strategy, shared product foundations, capability prioritization, roadmap decisions, requirements, reusable systems, adoption, and business outcomes

Technical Product Delivery — Discovery, front-end build, backend logic, workflow design, technical tradeoffs, prototype validation, implementation choices, and production handoff

Enterprise Systems & Developer Experience — 20-plus-product suites, enterprise analytics, shared components, living documentation, system governance, engineering partnership, and coherent product experiences

Research, Metrics & Cross-Functional Influence — Stakeholder discovery, internal teams, product analytics, prototype testing, research-driven prioritization, product adoption, distributed teams, and continuous improvement

EXPERIENCE

AI Implementation Partner

Hedgehox · Remote · Mar 2024 – Present

- Led product strategy and requirements for Claims Detector, translating pharma business needs into governed AI workflows for claim identification, evidence gaps, and audit-ready annotations
- Secured an investor for proprietary Claims Detection software by building the functional POC, shaping the product story, and iterating with stakeholders
- Defined implementation paths across MLR claim review, brief intake, scoping, review routing, submission capture, and FDA signal monitoring with human review built in
- Built Scope Generator for pharma agency finance and operations teams to manage regional rate cards, brands, sub-brands, and natural-language scope changes

Founder & AI Product Strategist

One Block Away LLC · Remote · Jul 2023 – Present

- Own product strategy, discovery, requirements, workflow design, front-end build, backend logic, demo readiness, client iteration, and roadmap decisions from first question through working prototype
- Translate fragmented client needs into capability priorities, testable product surfaces, implementation choices, and build-ready handoffs
- Built ListingPal's AI listing-generation POC, turning basic property inputs into listing copy, social posts, ad copy, styling direction, and MLS/SEO-ready language in under 90 seconds
- Built WeReady's Bailey Intelligence dashboard, translating founder inputs, GitHub signals, source health, risk scoring, and evidence trails into decision-ready startup workflows

Director, Experience & Innovation

Kinesso (IPG) · New York, NY · Feb 2020 – Jun 2023

- Led shared product and design-system strategy across an enterprise suite while scaling design from 2 to 30 people across the US and Poland, supporting more than 7,000 users across 22 white-label brands
- Partnered across product, design, engineering, and business teams to shape data visualization, dashboard building, brand theming, and reusable analytics components from requirements through adoption
- Built a research discipline across a 20-plus-product suite, using stakeholder interviews, prototype testing, feedback tools, product analytics, standardized findings, and roadshows to guide cross-product prioritization and continuous improvement
- Built the Digital Experience Audit workflow for channel scoring, benchmarks, recommendations, data visualization, and presentation-ready client outputs

Freelance UX Designer

Omnicom · New York, NY · Dec 2019 – Jan 2020

- Supported oncology accounts as a freelance UX designer, translating regulated business and user needs into clearer product flows, content structures, and implementation recommendations
- Partnered across account, strategy, creative, and delivery teams to align client outcomes, user experience, and build-ready decisions

Sr. UX Designer

Heartbeat Ideas · New York, NY · Aug 2018 – Nov 2019

- Led research and experience strategy for pharma and healthcare products, translating stakeholder input, competitive audits, and user needs into digital product direction
- Created journey maps, user flows, wireframes, and prototypes for patient, HCP, and internal brand-team experiences across regulated healthcare programs
- Partnered with strategy, creative, account, and engineering teams to move research findings into prioritized, build-ready product and consumer experiences

Account Management & Client Strategy

RosettaWishbone, FCB Health, Barker DZP, Cline Davis & Mann, Scout Marketing · Feb 2011 – Jul 2018

- Managed Fortune 500 pharma and healthcare clients with USD 2M-50M+ budgets across complex portfolios, aligning stakeholders and delivery teams to business, audience, and regulatory outcomes
- Served as one of two account consumer leads on FCB Health's largest pharma account across TV, radio, digital products, gaming, Times Square, brand planning, and MLR review
- Translated client strategy into briefs, requirements, timelines, priorities, and MLR-ready delivery across account, creative, UX, analytics, and development teams
