SUMMARY

AI product strategy and implementation leader with 15 years across regulated healthcare, enterprise platforms, client delivery, and technical product work. I turn business demand into scoped requirements, prioritized roadmaps, governed AI workflows, working POCs, and production handoffs. My strength is connecting executives, business owners, product teams, and engineers so probabilistic AI products have clear value, review controls, measurable adoption, and an operating path beyond the demo.

SKILLS

AI Product Intake, Strategy & Roadmaps — Stakeholder discovery, intake and prioritization, product requirements, capacity-value-risk trade-offs, defensible roadmaps, acceptance criteria, implementation choices, and production handoff

AI Applications, Quality & Automation — Governed LLM/VLM workflows, RAG/knowledge bases, model orchestration, AI automations, prompt-defined criteria, model behavior, prototype evaluation, evidence trails, and human review

Regulated AI Governance — FDA/HIPAA/MLR workflows, data sensitivity, audit-ready annotations, review gates, risk monitoring, responsible AI, human oversight, explainability, and stakeholder trust

Enterprise Platforms, Stakeholders & Adoption — Executive communication, stakeholder alignment, product and engineering collaboration, enterprise analytics, reusable standards, documentation, enablement, adoption, and business impact

EXPERIENCE

AI Implementation Partner

Hedgehox · Remote · Mar 2024 – Present

- Lead product strategy and requirements for a connected pharma AI platform spanning brief intake, scoping, review routing, submission capture, MLR claim review, and FDA risk monitoring
- Translate agency and stakeholder needs into prioritized AI workflows, prompt-defined criteria, review gates, model behavior, evidence trails, and build-ready product decisions within FDA/HIPAA/MLR constraints
- Designed Claims Detector to identify promotional claims, surface evidence gaps, and pre-populate audit-ready annotations for human review before regulated submission
- Secured an investor for proprietary Claims Detection software by building the functional POC, shaping the executive demo story, and connecting workflow behavior to business impact
- Built Scope Generator for finance and operations teams using regional rate cards, brand structures, natural-language scope changes, and spreadsheet export logic

Founder & AI Product Strategist

One Block Away LLC · Remote · Jul 2023 – Present

- Own AI product strategy, stakeholder discovery, requirements, workflow design, front-end build, backend logic, demo readiness, client iteration, and production handoff from first ask through working POC
- Turn competing client requests into scoped priorities, acceptance criteria, implementation choices, defensible roadmaps, product recommendations, and measurable next steps
- Built ListingPal's AI listing-generation POC, turning basic property inputs into listing copy, social posts, ad copy, styling direction, and MLS/SEO-ready language in under 90 seconds
- Built WeReady's Bailey Intelligence dashboard, translating founder inputs, GitHub signals, source health, risk scoring, and evidence trails into decision-ready workflows

Director, Experience & Innovation

Kinesso (IPG) · New York, NY · Feb 2020 – Jun 2023

- Led enterprise platform experiences while scaling design from 2 to 30 people across the US and Poland, supporting adoption for more than 7,000 users across 22 white-label brands
- Led product-system strategy for enterprise analytics, data visualization, dashboard building, brand theming, reusable components, documentation, and accessibility
- Partnered across product, engineering, analytics, business, research, and executive stakeholders to turn complex workflows into reusable standards and build-ready decisions
- Built the Digital Experience Audit workflow for channel scoring, benchmarks, recommendations, visualization, and presentation-ready business impact

Freelance UX Designer

Omnicom · New York, NY · Dec 2019 – Jan 2020

- Supported oncology accounts as a freelance UX designer, translating regulated business and user needs into clearer product flows, content structures, and implementation recommendations
- Partnered across account, strategy, creative, and delivery teams to align stakeholder goals, regulated constraints, and build-ready product decisions

Sr. UX Designer

Heartbeat Ideas · New York, NY · Aug 2018 – Nov 2019

- Led user research and experience strategy for pharma and healthcare products, translating stakeholder input, competitive audits, and user needs into prioritized product direction
- Created journey maps, site maps, user flows, wireframes, and prototypes for patient, HCP, and internal brand-team experiences across regulated programs
- Partnered with strategy, creative, account, and engineering teams to move research findings into build-ready product and campaign experiences

Account Management & Client Strategy

RosettaWishbone, FCB Health, Barker DZP, Cline Davis & Mann, Scout Marketing · Feb 2011 – Jul 2018

- Managed Fortune 500 pharma and healthcare clients with USD 2M to 50M-plus budgets across complex regulated portfolios, aligning business value, competing priorities, capacity, timelines, and risk
- Served as one of two account consumer leads on FCB Health's largest pharma account across TV, radio, digital, gaming, Times Square, brand planning, and MLR review
- Translated client strategy into briefs, requirements, priorities, trade-offs, timelines, and MLR-ready delivery across account, creative, UX, analytics, and development teams
