SUMMARY

AI product leader with 15 years across regulated healthcare, product strategy, enterprise UX, and client delivery. I translate clinical-adjacent and business needs into requirements, prioritized roadmaps, governed AI workflows, and user-centered product decisions. My strength is connecting stakeholder feedback, product analytics, technical teams, and implementation planning so useful AI features move from discovery through validation, handoff, and adoption.

SKILLS

AI Product Management & Roadmaps — Discovery, requirements gathering, feature prioritization, product roadmaps, prototype validation, release planning support, implementation choices, and production handoff

Healthcare AI, Governance & Usability — Regulated healthcare, patient and HCP experiences, FDA/HIPAA/MLR workflows, governed AI, evidence trails, human review, accessibility, and usability standards

Research, Analytics & Product Decisions — User interviews, prototype testing, feedback synthesis, Typeform, Useberry, Heap analytics, enterprise dashboards, performance data, and continuous iteration

Stakeholder Delivery & Enablement — Clinical-adjacent and business stakeholder communication, technical-team alignment, workshops, product documentation, presentations, adoption, and go-to-market support

EXPERIENCE

AI Implementation Partner

Hedgehox · Remote · Mar 2024 – Present

- Led product strategy and requirements for Claims Detector, translating pharma business needs into governed AI workflows for claim identification, evidence gaps, and audit-ready annotations
- Secured an investor for proprietary Claims Detection software by building the functional POC, shaping the product story, and iterating with stakeholders
- Defined implementation paths across MLR claim review, brief intake, scoping, review routing, submission capture, and FDA signal monitoring with human review and governance built in
- Built Scope Generator for pharma agency finance and operations teams to manage regional rate cards, brands, sub-brands, and natural-language scope changes

Founder & AI Product Strategist

One Block Away LLC · Remote · Jul 2023 – Present

- Own AI product strategy, discovery, requirements, workflow design, front-end build, backend logic, demo readiness, client iteration, and roadmap decisions from first question through working prototype
- Translate ambiguous client needs and feedback into prioritized features, testable product surfaces, implementation choices, and build-ready handoffs
- Built ListingPal's AI listing-generation POC, turning basic property inputs into listing copy, social posts, ad copy, styling direction, and MLS/SEO-ready language in under 90 seconds
- Built WeReady's Bailey Intelligence dashboard, translating founder inputs, GitHub signals, source health, risk scoring, and evidence trails into decision-ready startup workflows

Director, Experience & Innovation

Kinesso (IPG) · New York, NY · Feb 2020 – Jun 2023

- Led enterprise analytics and product experiences while scaling design from 2 to 30 people across the US and Poland, supporting more than 7,000 users across 22 white-label brands
- Partnered across product, design, engineering, and business teams to shape data visualization, dashboard building, brand theming, and reusable analytics components from requirements through adoption
- Built the Digital Experience Audit workflow for channel scoring, benchmarks, recommendations, data visualization, and presentation-ready client outputs
- Built a research discipline across a 20-plus-product suite, using interviews, prototype testing, Typeform, Useberry, Heap analytics, standardized findings, and stakeholder roadshows to guide prioritization and continuous improvement

Freelance UX Designer

Omnicom · New York, NY · Dec 2019 – Jan 2020

- Supported oncology accounts as a freelance UX designer, translating regulated business and user needs into clearer product flows, content structures, and implementation recommendations
- Partnered across account, strategy, creative, and delivery teams to align client outcomes, user experience, and build-ready decisions

Sr. UX Designer

Heartbeat Ideas · New York, NY · Aug 2018 – Nov 2019

- Led UX research and experience strategy for pharma and healthcare work, translating stakeholder input, competitive audits, and user needs into digital product direction
- Created journey maps, site maps, user flows, wireframes, and prototypes for patient, HCP, and internal brand-team experiences across regulated healthcare programs
- Partnered with strategy, creative, account, and engineering teams to move research findings into prioritized, build-ready product and campaign experiences

Account Management & Client Strategy

RosettaWishbone, FCB Health, Barker DZP, Cline Davis & Mann, Scout Marketing · Feb 2011 – Jul 2018

- Managed Fortune 500 pharma and healthcare clients with budgets from 2 million to more than 50 million dollars across complex regulated portfolios, advising stakeholders and aligning work to business, audience, and regulatory outcomes
- Served as one of two account consumer leads on FCB Health's largest pharma account across TV, radio, digital, gaming, Times Square, brand planning, and MLR review
- Translated client strategy into briefs, requirements, timelines, priorities, and MLR-ready delivery across account, creative, UX, analytics, and development teams
