## SUMMARY

---

Operations and service-delivery transformation lead with 15 years across enterprise workflow systems, analytics dashboards, regulated healthcare operations, client strategy, and team scaling. I help teams stabilize complex service models: intake, routing, standards, data quality, reporting, stakeholder communication, and adoption. My strongest fit for Durham is building the operating infrastructure around HR technology, HCM service channels, and data-backed support so employees, managers, and leaders get clearer service.

## CAPABILITIES

---

**HR Service Delivery & Workflow Stabilization** — Tiered intake, routing logic, service standards, support surfaces, escalation paths, quality checkpoints, and operational documentation

**HRIS/HCM-Adjacent Systems Adoption & Post-Launch Support** — Requirements, system behavior, vendor/IT translation, data integrity, user readiness, rollout communication, and stabilization loops

**Data, Analytics & Executive Reporting** — Dashboards, scorecards, benchmark logic, data visualization, evidence trails, ad hoc analysis, and leadership-ready reporting packages

**Team Leadership & Capacity Building** — Team scaling (2→30), review rhythms, standards, coaching, cross-functional alignment, stakeholder workshops, and change adoption

**Regulated Operations & Public-Service Adjacent Delivery** — 11 years across healthcare/pharma environments, compliance-heavy review, client service, budget workflows, and high-trust communication

## EXPERIENCE

---

### AI Implementation Partner

*Hedgehox · Remote · Mar 2024 – Present*

- Converted pharma agency needs into operational AI tools for brief intake, scoping, submission capture, review routing, MLR claim review, and FDA signal monitoring
- Built Scope Generator for finance and operations teams managing regional rate cards, brand structures, natural-language scope changes, spreadsheet exports, and review-ready work outputs
- Designed Claims Detector workflows that identify promotional claims, surface evidence gaps, and pre-populate audit-ready annotations before MLR submission
- Secured an investor for proprietary Claims Detection software by building the functional POC, shaping the executive demo story, and connecting workflow behavior to business value

### Founder & AI Product Strategist

*One Block Away LLC · Remote · Jul 2023 – Present*

- Lead client POCs from unclear business question to service model, requirements, testable product surface, demo narrative, decision framework, and next-step roadmap
- Built WeReady's Bailey Intelligence dashboard, translating founder inputs, GitHub signals, source health, risk scoring, and evidence trails into structured reporting workflows
- Built ListingPal's AI listing-generation POC and landing page, turning basic property inputs into listing copy, social posts, ad copy, styling direction, and MLS/SEO-ready language in under 90 seconds
- Own product strategy, UX, workflow design, front-end build, backend logic, demo readiness, stakeholder feedback, and iteration from first ask through working prototype

## Director, Experience & Innovation

*Kinesso (IPG) · New York, NY · Feb 2020 – Jun 2023*

- Scaled product design from 2 to 30 people across the US and Poland, establishing reusable practices, review rhythms, standards, and workstream ownership
- Led UX and design-system strategy for enterprise analytics used by 7,000+ users across 22 white-label brands, including dashboards, brand theming, and reusable data components
- Built the Digital Experience Audit workflow for channel scoring, benchmarks, recommendations, visualization, and presentation-ready executive/client outputs
- Shaped support-team and user-facing workflow concepts, including an integrated service desk panel that connected user intake needs with cleaner support operations

## Sr. UX Designer

*Heartbeat Ideas · New York, NY · Aug 2018 – Nov 2019*

- Led UX research and experience strategy for pharma and healthcare programs, translating stakeholder input, competitive audits, and user needs into product direction
- Created journey maps, site maps, user flows, wireframes, and prototypes for patient, HCP, and internal brand-team experiences across regulated healthcare programs
- Facilitated cross-functional working sessions with strategy, creative, account, and engineering teams to move research findings into build-ready product and campaign experiences

## Account Management & Client Strategy

*RosettaWishbone, FCB Health, Barker DZP, Cline Davis & Mann, Scout Marketing · Feb 2011 – Jul 2018*

- 7+ years managing Fortune 500 pharma and healthcare clients with \$2M-\$50M+ budgets across CNS/neurology, psychiatry, cardiovascular/metabolic, and sleep/wakefulness brands
- One of two account consumer leads on FCB Health's largest pharma account across all verticals: TV, radio, digital, gaming, Times Square, unbranded campaigns, brand planning, and MLR review
- Translated client and brand strategy into briefs, feedback, production requirements, timelines, budget-sensitive delivery plans, and MLR-ready deliverables across teams

## AWARDS

---

**Indigo Awards 2023** — Design System & Data Visualization: 3× Gold, 2× Silver

**Indigo Awards 2022** — Digital Audit Experience: 2× Gold, 2× Silver
